Introduction

I'm a graphic designer and web developer with 5 years of industry experience creating energetic, concept-driven designs to bring brands to life. I have worked with a variety of companies, from sole traders through to PLCs, in areas such as; technology, construction, charities and more. Some of the stand out names I have worked with include: Balfour Beatty, Leeds City Council, BIMA, Social Mobility Foundation, Workman LLP, University of Salford and VenomIT. I am confident, hard-working, and committed to putting my extensive set of skills to good use.
